Step 7. OIJ Implementation Plan

Objective:

Draft the first version of the implementation plan of your OIJ for all your main stakeholders.

Instructions:

1. Copy the main stakeholder selected in STEP 2 for all stakeholder groups, which are the same ones you used for creating the OIJs.
2. With the Living Lab team, by following the Living Lab Integrative Process stages and steps, and the phases to set up an Energy Community, start filling in the implementation plan horizontally for each of the main stakeholders you identified in STEP 2. Click on the corresponding cell to add information and ideally, add also an expected date in which you are planning on doing the activity.
 - a. You can combine cells by selecting the ones you want to combine and clicking on the button  that appears on top (or below) the cells
3. Repeat for all stakeholders in each stakeholder group.
